- The following services are included in the fee shown:
 - Limits of Survey:
 - Along revised storm sewer planned route at the park's east end
 - Shore Drive to Lake Erie (280 FT)
 - Data Collected:
 - All existing utilities (overhead and underground), as marked by OUPS
 - All driveways, hard surfaces, etc.
 - All landscape areas, trees, bushes, etc.
 - Contour elevations for the area
 - All other important topographic features that might impact construction
 - This information will be collected and provided in an autocadd format for use in design

Scope of Services (Engineering Tasks)

Task #59 Update Design Development

- The following services are included in the fee shown:
 - Design Development of the proposed storm sewer along the east end of the park
 - Preparation of Design Development level construction cost estimate
 - Coordination of DD level plans with public agencies, including:
 - ODNR Coastal Management
 - Rye Beach Homeowners' Association
 - Submittal of Design Development Plans to Private Utility Companies for further coordination of impacts / conflicts with their facilities for purposes of relocation.

Task #60 Update Construction Documents

- The following services are included in the fee shown:
 - Preparation of Final Construction Documents shall be as follows:
 - Title Sheet
 - Schematic Plan
 - General Notes & Specifications
 - Estimated Project Quantities
 - Storm Sewer Plan & Profile Sheets
 - Plans will include all details and specifications required for public bidding of a unit price contract, in accordance with industry standards.
