

THE CITY OF HURON, OHIO
Proceedings of the Huron City Council
Regular Meeting Tuesday, June 14, 2022 at 6:30 p.m.

Call to Order

The Mayor called the regular meeting of Council to order at 6:30pm on June 14, 2022 in Council Chambers at Huron City Hall. The Mayor called for a moment of silence. After the moment of silence, the Mayor led in saying the Pledge of Allegiance to the Flag.

Roll Call

The Mayor directed the Clerk to call the roll for regular meeting of Council. The following members of Council answered present: **William Biddlecombe, Sam Artino, Mark Claus, Monty Tapp, Joe Dike and Joel Hagy**. Council member absent: **Matt Grieves**.

Motion by Mr. Dike to excuse Mr. Grieves from attendance at tonight's meeting.

The Mayor asked if there were any questions or comments on the motion. There being none, the Mayor directed the Clerk to call the roll on the motion. Members of Council voted as follows:

YEAS: Dike, Hagy, Biddlecombe, Artino, Claus, Tapp (6)
NAYS: None (0)

There being a majority in favor, the motion passed and Mr. Grieves was excused from the meeting.

Staff participating in the meeting: Acting City Manager Stuart Hamilton, Law Director Todd Schrader, City Engineer Russ Critelli, Parks and Recreation Operations Manager Doug Steinwart, Finance Director Jeff Hall and Clerk of Council Terri Welkener.

Approval of Minutes

Motion by Mr. Dike to approve the minutes of the regular meeting of Council of May 24, 2022, as written.

The Mayor asked if there was any discussion on the matter. There being none, the Mayor directed the Clerk to call the roll on the motion. Members of Council voted as follows:

YEAS: Artino, Tapp, Dike, Claus, Hagy, Biddlecombe (6)
NAYS: None (0)

There being a majority in favor, the motion was approved.

Audience Comments

The Mayor advised any audience members wishing to speak to approach the podium, state their name and address for the record, and they will have 3 minutes to address Council.

None.

Old Business

None.

New Business

Ordinance No. 2022-29

Motion by Mr. Artino that the three-reading rule be suspended and Ordinance 2022-29 (AN ORDINANCE REPEALING CHAPTER 175 (ECONOMIC DEVELOPMENT COMMITTEE) AND ORDINANCE NUMBERS 2001-22, 2017-7, AND 2017-17 THAT CREATED AND/OR AMENDED CHAPTER 175-ECONOMIC DEVELOPMENT COMMITTEE WITHIN THE ADMINISTRATIVE CODE OF THE CODIFIED ORDINANCES OF THE CITY OF HURON AND DECLARING AN EMERGENCY) be placed upon its first readings

The Mayor asked if there was any discussion on the motion. There being none, the Mayor directed the Clerk to call the roll on the motion. Members of Council voted as follows:

YEAS: Artino, Claus, Tapp, Dike, Hagy, Biddlecombe (6)
NAYS: None (0)

There being five or more votes in favor, the three-reading rule was suspended and Ordinance 2022-29 placed on its first reading. The Law Director read the Ordinance by its title only.

Motion by Mr. Artino to place Ordinance 2022-29 as an emergency measure.

The Mayor asked if there was any discussion on the motion. There being none, he directed the Clerk to call the roll on the motion. Members of Council voted as follows:

YEAS: Artino, Claus, Tapp, Dike, Hagy, Biddlecombe (6)
NAYS: None (0)

There being five votes or more in favor, Ordinance 2022-29 was placed as an emergency measure.

Mr. Hamilton explained that the Economic Development Committee (EDC) was created by Council through ordinance. The committee struggled at times understanding their abilities and their roles. Although it was created with good intentions at the time, it has failed to meet and have any purpose for approximately 24 months. Additionally, the City has kept partnerships with institutional partners on economic development matters, and having a hiring plan has put key people on staff in place to do a lot of work, as well as other committees doing the same work. It is recommended that Council repeal this ordinance and remove the EDC.

The Mayor asked if there were any further questions or discussion on the motion. There being none, he directed the Clerk to call the roll on the final adoption of Ordinance 2022-29. Members of Council voted as follows:

YEAS: Artino, Claus, Tapp, Dike, Hagy, Biddlecombe (6)
NAYS: None (0)

There being a majority vote in favor of adoption, Ordinance 2022-29 was adopted. The Ordinance as adopted was signed by the Mayor and Clerk of Council and will take effect immediately.

Ordinance No. 2022-31

Motion by Mr. Dike that the three-reading rule be suspended and Ordinance 2022-31 (AN ORDINANCE REPEALING AND AMENDING AND RESTATING CHAPTER 1519 FIREWORKS; AND DECLARING AN EMERGENCY) be placed upon its first readings

The Mayor asked if there was any discussion on the motion. There being none, the Mayor directed the Clerk to call the roll on the motion. Members of Council voted as follows:

YEAS: Dike, Hagy, Biddlecombe, Artino, Claus, Tapp (6)
NAYS: None (0)

There being five or more votes in favor, the three-reading rule was suspended and Ordinance 2022-31 placed on its first reading. The Law Director read the Ordinance by its title only.

Motion by Mr. Dike to place Ordinance 2022-31 as an emergency measure.

The Mayor asked if there was any discussion on the motion. There being none, he directed the Clerk to call the roll on the motion. Members of Council voted as follows:

YEAS: Dike, Hagy, Biddlecombe, Artino, Claus, Tapp (6)
NAYS: None (0)

There being five votes or more in favor, Ordinance 2022-31 was placed as an emergency measure.

Mr. Hamilton explained that this ordinance would allow the City to adopt the provisions of Ohio House Bill 172 signed by Governor Mike DeWine in November of 2021. This law will go into effect on July 1, 2022. H.B. 172 allows individuals to possess consumer-grade fireworks in Ohio, eliminating the requirement to transport these goods out of the state within 48 hours. This will also allow the use of fireworks on the 13 listed days. While H.B. 172 allows communities to opt out, the Safety Committee unanimously recommended that Council adopt the regulations as set forth, as written, with no limitation on hours. Our Police Chief also requested that there be no limitation on hours, in order to make it easier to enforce based on other ordinances.

Mr. Artino asked if there was a discussion about age group. Mr. Schrader answered that the legal team did research in terms of the ability to purchase and possess fireworks. In the State of Ohio, you must be at least 18 years of age to purchase and possess fireworks.

Mr. Hagy said he would be voting in favor of this legislation because he thinks it's the right thing to do, but, with all due respect to the Police Chief and the Safety Committee, he thinks this body at some point is going to be coming back and looking at hours. It is barely dark at 10:00pm on July 4th, and New Year's is at midnight. By passing this legislation, we are making illegal to fire at 10:00pm on July 4th and at midnight on New Year's Eve. He will vote yes, but he thinks Council should have added hours.

Mayor Tapp commented that right now, there are no hours. Mr. Schrader indicated that they had spoken about introducing a time limitation at the Safety Committee meeting, and the committee and the Chief Lippert felt strongly that we have two ordinances currently on the books, predominantly 509.03 about Disorderly Conduct, and also 509.08 relating to Disturbing the Peace, and his impression was the Chief Lippert felt it was easier to enforce on a case-by-case basis to see what the community is doing, how things are going that night, and if it looks like it is getting out of control or there are a lot of complaints, or the majority of people stopped and it's 2 or 3am, he wanted the luxury of addressing these things depending

on what is going on in the community, without bona fide, hard deadlines. To Mr. Hagy's position, Mr. Schrader said that it may very well be the case that Council comes back later and puts timeframes on. The committee and Chief Lippert unanimously felt that the State law should be adopted, as written. Mayor Tapp said they may come back, but they can use this first year to see what happens. Mr. Hagy's issue is that if it's midnight on December 31st and people are firing fireworks. Whether the police are enforcing them or not, it seems silly. Mayor Tapp said right now, there is no time, and if the police are called they would make a determination based on a case-by-case basis. Mr. Artino said he thinks they are going to have problems with the people shooting off fireworks at 1 or 2am, especially if it's during the week. Not all of the holidays fall on weekends, and there are also people that work on the weekends. Mr. Schrader said this year and/or the next may cause Council to go back to the current ordinance barring all fireworks, but time will tell.

The Mayor asked if there were any further questions or discussion on the motion. There being none, he directed the Clerk to call the roll on the final adoption of Ordinance 2022-31. Members of Council voted as follows:

YEAS: Dike, Hagy, Biddlecombe, Artino, Claus, Tapp (6)
NAYS: None (0)

There being a majority vote in favor of adoption, Ordinance 2022-31 was adopted. The Ordinance as adopted was signed by the Mayor and Clerk of Council and will take effect immediately.

Resolution 59-2022

Motion by Mr. Claus that the three-reading rule be waived and Resolution 59-2022 (A RESOLUTION RATIFYING THE CITY MANAGER'S EXECUTION OF AN AGREEMENT WITH OHIO EDISON RELATING TO ITS STREET LIGHTING SERVICE RATE-EFFICIENCY SAFETY INCENTIVE PROGRAM ("STL-ESIP") IN THE AMOUNT OF SEVENTY-FIVE THOUSAND SEVEN HUNDRED FORTY-THREE AND 06/100 DOLLARS (\$75,743.06)) be placed upon its first reading.

The Mayor asked if there was any discussion on the motion. There being none, the Mayor directed the Clerk to call the roll on the motion. Members of the Council voted as follows:

YEAS: Hagy, Biddlecombe, Artino, Claus, Tapp, Dike (6)
NAYS: None (0)

There being five votes or more in favor, the motion to suspend the three-reading rule passed and Resolution 59-2022 was placed upon its first reading. The Law Director read the Resolution by its title only.

Mr. Hamilton stated that this ordinance relates to some good news – we are getting some money back. All of the City's streetlights are on the STL-ESIP program. In 2020, Ohio Edison incorrectly removed us from the program. Once this was discovered, they worked with Bricker & Eckler LLP to go back to Ohio Edison to find out (1) when the City was removed, and (2) how much we were overcharged. The \$75,743.06 was the agreed upon amount of the overbilling, and Ohio Edison has also agreed to put the City back on the ESIP program. Any month the City is not on the ESIP program, it will be credited to us again until we are fully reinstated. Mr. Hamilton apologized for coming to Council for ratification, but there was only a very short window to sign the agreement (they gave the City only until the end of the week). The agreement was reviewed by Bricker & Eckler, and finalized through them.

The Mayor asked if there were any further questions or discussion on the motion. There being none, the Mayor directed the Clerk to call the roll on the final adoption of Resolution 59-2022. Members of Council voted as follows:

YEAS: Claus, Tapp, Dike, Hagy, Biddlecombe, Artino (6)
NAYS: None (0)

There being a majority vote in favor of adoption, Resolution 59-2022 was adopted. The Resolution as adopted was signed by the Mayor and Clerk of Council and will take effect immediately.

Resolution 60-2022

Motion by Mr. Biddlecombe that the three-reading rule be waived and Resolution 60-2022 (A RESOLUTION AUTHORIZING THE CITY MANAGER TO EXECUTE AN AMENDMENT TO AGREEMENT FOR RESIDENTIAL WASTE COLLECTION AND RECYCLING SERVICES WITH REPUBLIC SERVICES TO EXTEND THE TERM OF THE CURRENT AGREEMENT FOR AN ADDITIONAL YEAR, WHICH AGREEMENT SHALL EXPIRE ON JUNE 30, 2023) be placed upon its first reading.

The Mayor asked if there was any discussion on the motion. There being none, the Mayor directed the Clerk to call the roll on the motion. Members of the Council voted as follows:

YEAS: Biddlecombe, Artino, Claus, Tapp, Dike, Hagy (6)
NAYS: None (0)

There being five votes or more in favor, the motion to suspend the three-reading rule passed and Resolution 60-2022 was placed upon its first reading. The Law Director read the Resolution by its title only.

Mr. Hamilton the City's trash contract will expire on June 30, 2022. Written into the contract were five one-year extension options with escalating cost margin. Looking at the costs, we can do another year under the existing contract with enough money in the funds to cover one more year. The intention is that the City will go out to RFP for services for a new contract. Staff believes that the cost will escalate and this is why they recommend a one-year extension to make the most of the cut in cost. There is a good chance that we are going to have to look at level of service in the new RFP as they move forward to try to contain costs for the residents. This new contract will go into effect on July 1, 2022.

Joel Hagy said that this matter was discussed quite a bit at the Utilities Committee meeting and this absolutely the right thing to do. He just wanted to point out that our service costs are going up, and we are going to have to face the tough decision of either increasing waste collection rates or reducing our services to our citizens. It is the right thing to take advantage of this one-year reprieve, if you will, but we are going to face a tough decision in the next year.

Mr. Dike asked if when it comes time to face this tough decision, are there companies out there other than Republic Services that they can reach out to? When he first got on Council, and the big thing was that they are the only company that can do it on one day. Mr. Hamilton said that they are unsure that Cyclone can handle a customer the size of the City at this point, but they will reach out to them and see if they are willing to bid. They are the only other competitor that he knows of at this point that would even bid on the RFP. There are no other companies that can handle the recycling portion of the contract, which is typically the bigger problem.

The Mayor asked if there were any further questions or discussion on the motion. There being none, the Mayor directed the Clerk to call the roll on the final adoption of Resolution 60-2022. Members of Council voted as follows:

YEAS: Biddlecombe, Artino, Claus, Tapp, Dike, Hagy (6)
NAYS: None (0)

There being a majority vote in favor of adoption, Resolution 60-2022 was adopted. The Resolution as adopted was signed by the Mayor and Clerk of Council and will take effect immediately.

Resolution 61-2022

Motion by Mr. Hagy that the three-reading rule be waived and Resolution 61-2022 (A RESOLUTION AUTHORIZING THE CITY MANAGER TO ACCEPT THE PROPOSAL AND ENTER INTO AN AGREEMENT WITH OHM ADVISORS FOR ENGINEERING SERVICES TO DEVELOP A SYSTEM-WIDE STORMWATER MANAGEMENT PLAN (PHASE I) IN AN AMOUNT NOT TO EXCEED FIFTY-TWO THOUSAND AND 00/100 DOLLARS (\$52,000.00)) be placed upon its first reading.

The Mayor asked if there was any discussion on the motion. There being none, the Mayor directed the Clerk to call the roll on the motion. Members of the Council voted as follows:

YEAS: Hagy, Biddlecombe, Artino, Claus, Tapp, Dike (6)
NAYS: None (0)

There being five votes or more in favor, the motion to suspend the three-reading rule passed and Resolution 61-2022 was placed upon its first reading. The Law Director read the Resolution by its title only.

Mr. Hamilton explained that this is Phase 1 of a two-phase project. The intent of this project is to create a full inventory of our stormwater management system. There will be a visual inventory built in GIS so we will actually understand what it is we own, where it is located, and how it flows. The expected timeframe of this project is approximately 8 months. There is a lot of data collection involving walking the streets and finding everything. Once we understand what we have, Phase 2 will analyze the data and find where and why there are problem points, and how those problems can be mitigated. At the end of the Phase 2, ideally, the City will have a long-term capital plan to address stormwater issues. Huron is a low-lying area by Lake Erie, and as such, has a lot of issues that we need to understand. This study will help them to do that.

Mr. Tapp commented that he knows that this is process that we have to go through because the City is responsible for the stormwater infrastructure within the corporate limits. He wants to make sure that we are working with the County when something happens because he feels that a lot of the issues come from upstream and it seems that we are spinning our wheels if we are not working together. Mr. Hamilton said that the staff has already been talking with the County on this project, and they are going to their board to see if they can provide some money to assist with the discovery portion of the project. The County wants to be part of this, and we just need to get that relationship back up and running. Once that relationship is reestablished, he thinks we will be able to work in tandem, but within the corporate limits the City is responsible for everything. If they do something that affects us, then that is when we have a conversation with them, and they understand that, as well.

The Mayor asked if there were any further questions or discussion on the motion. There being none, the Mayor directed the Clerk to call the roll on the final adoption of Resolution 61-2022. Members of Council voted as follows:

YEAS: Hagy, Biddlecombe, Artino, Claus, Tapp, Dike (6)
NAYS: None (0)

There being a majority vote in favor of adoption, Resolution 61-2022 was adopted. The Resolution as adopted was signed by the Mayor and Clerk of Council and will take effect immediately.

City Manager's Discussion

Stuart Hamilton, Acting City Manager, spoke on several topics:

- **Firelands Scientific** – The City anticipates receiving full building plans for their expansion within the next week, with groundbreaking to occur upon final plan approval and permit issuance.
- **Sawmill Parkway** – The City is submitting all required engineering construction drawings along with title document to the EDA for final review. The project cannot go out to bid until the review is finalized. The City had a conference call with EDA's legal team last week, and staff anticipates final comments on that project's design by the end of this week. Based on conversations with EDA, they hope to have approval by the end of the month. As soon as approval is received, they are ready to put the project out for bid to get it rolling. In addition, as soon as EDA approval is received, the City will start reaching out to property owners and businesses on the parkway to start working on traffic plans.
- **ConAgra Site** – They working on developing and drafting a purchase agreement for the eventual sale of the former ConAgra site. Accompanying these documents will be a Development Agreement detailing roles and responsibilities. Last week, the City held an update meeting with the development team to review updated concepts for the site and provided feedback. Based on the results of that meeting, they anticipate receiving conceptual renderings by the end of the month. Once they have those renderings and site plans, that will come back to Council for a work session and review. They are also starting the process of engaging companies to start the renovation of the sea wall.
- **South Main Street** – Staff secured Council approval in the spring for the submission of a Surface Transport application to the Erie County Metropolitan Planning Organization for the financial year 2025/2026. Based on street conditions and recent updates to the Vision 2020 Action Plan, the City decided to submit Main Street between Cleveland Road south to Bogart Road as a selected project. Not only is Main Street a large collector street, but the corridor is also slated for major streetscapes in upcoming years during the Main Street Visioning Plan. The scoring from the committee gave the City funding of \$360,000, and they hope to get that finalized soon. Mr. Hamilton extended a big thank you to the Planning Director, Erik Engle, and the OHM Advisors team for pushing that through and getting them to this point.
- **Main Street Corridor Plan** – The first steering committee plan was held on Tuesday, May 31st at the Boat Basin. This served as the formal kick-off of that project. Most of the steering committee members were in attendance (all but 1 attended), so it had very good attendance. Staff, members of OHM and committee members had an opportunity to talk openly about good and bad things about the existing corridor, as well as opportunities for infrastructure, public spaces, underutilized sites, etc. The next meet will probably be scheduled for early July, but that date has not yet been finalized.
- **Fireworks Ordinance** – The Ohio fireworks ordinance is set to take effect on July 1st. Under the new ordinance, individuals will be permitted to ignite or set off several levels of fireworks on private property for 13 out of the year. Currently, the City only allows permitted exhibitors to set off fireworks displays. The City Council held a work session on May 24th, and a subsequent Safety Committee meeting on June 1st, to discuss the topic.
- **Fish Cleaning Station** – Construction is officially underway. The site was surveyed last week and they started breaking ground this week. Based on the construction schedule, they are anticipating

the station will be completed in September. They will keep Council updated as they try to condense that timeline.

- **2023 Tax Budget** – On May 27, 2022, the Finance Director distributed a copy of the 2023 Tax Budget. The City’s tax budget process is a statutory requirement under the City Charter, and Ohio Revised Code Section 5705. The tax budget for the ensuing financial year must be submitted to Council by June 1st. Council will be holding a public hearing at the June 28th meeting to discuss the tax budget prior to final submission to the Erie County Budget Commission in July. The ORC and City Charter require adoption by the Council and submission to the Budget Commission by July 15th of each year. If there are any questions regarding the tax budget, please reach out to Jeff Hall, our Finance Director, directly.
- **Water Department** – Unfortunately, Operator Luke Frankboner submitted his 2-week notice, and his last day was yesterday. He has been with the City for 8 years. He will be missed – all of the guys enjoyed working with him. During his tenure with the City, he achieved his Class I Water Supply License, Class II Water Supply License, Class III Water Supply License and Full Laboratory Chemistry License. Luke will be taking the Chief Operator position for the City of Shelby’s Water Filtration Plant. Everyone wishes Luke all of the best, and Mr. Hamilton thinks that, as much as they don’t like to lose staff members like this, it proves the quality of our managers to get staff to this level. He applauds Mr. Gibboney for mentoring him over the last 8 years.
- **Water Rates** – They have received the final Water Rate Study from Poggemeyer – this project started in early 2022. The study aimed to capture future capital needs for the next 10 years, as well as take into consideration inflation to determine future water increases, if any, are needed. The City has not increased its water rates since 2007. The draft report has been reviewed by the Utilities Committee and he commended the committee for its deep dive into the study. They intend to call a special Finance Committee meeting in July so they can get the report in front of the Finance Committee before bringing it to Council for a work session.
- **Personnel** – Job posting has been made for Maintenance Worker III Plant Operator – Full-Time due to departure of Luke Frankboner. Staff is actively searching for a full-time replacement. Job is posted in Sandusky Register, Norwalk Reflector and on online employment sites. They are hopeful that the job posting will close on June 17th.
- **Spring/Summer Newsletter** – Staff has completed the Spring/Summer 2022 Newsletter, which has gone to print as of June 10th. Individuals should start receiving the newsletter in the upcoming week or two. Mr. Hamilton expressed his thanks to Jen Kilbury and department heads for all of their hard work in contributing and putting this final piece together.
- **Upcoming Meetings** – Planning Commission – June 22nd at 5:00pm in Council Chambers; City Council Work Session – June 28th at 5:30pm in Council Chambers; City Council Meeting – June 28th at 6:30pm in Council Chambers.

Mr. Hagy asked if the \$360,000 from the MPO for Main Street is envisioned to cover all of the costs for what we want to do, or is that considered just a portion of what we are doing to need. Mr. Hamilton answered that the MPO grant will only be a small portion of what is required for that project. It is out in financial year 2025/2026, so we will be chasing other funding options in the meantime.

Mr. Claus asked if, with their recent action regarding the fireworks ordinance, staff could get some advertising out via social media to make sure the residents understand the new law. Mr. Hamilton answered that this will be pushed out on all social media sites, and the Police Department will, as well, as we approach the upcoming holidays.

Mayor’s Discussion

Mayor Tapp thanked Mr. Hamilton, Mr. Critelli, OHM and EDA with their efforts to get moving forward with Sawmill Parkway. Regarding the MPO funds received for Main Street, Mr. Engle was attending those

meetings and both of them were surprised when the City was awarded so much money. That was a big bonus for us – thanks to Mr. Engle and Mr. Critelli of OHM. Comments from the Main Street Steering Committee have been great, and he is looking forward to working with those folks. Mr. Steinwart will stay on top of the fish cleaning station schedule – hopefully we can keep it moving along. Losing Luke Frankboner will be hard, as it is difficult to find people with those qualifications. Thank you to staff.

For the Good of the Order

- **Mr. Claus** – Congratulated Mr. Hamilton on running his first Council meeting – he did a great job, nice tie and good luck for the rest of the week.
- **Mr. Artino** – Nothing.
- **Mr. Biddlecombe** – Happy Flag Day. Welcome to Officer Richter. He wished Mr. Frankboner well on his next endeavor. He thanked staff, especially those who were involved with the quick response to the Mudbrook buoy matter. He congratulated Firefighter Kegan Lobsinger on completing his Ohio Fire Safety Inspector Certification. He attended the Lake Front Market over the weekend – it seemed to be very well-attended and he thanked everyone involved in planning that event. Congratulations to the 20 track and field athletes that attended the state track meet, and special congratulations to Sean Kaminski for his State Title in the high jump. Boat Basin events coming up: June 18th – Attraction at 7:30pm; June 24th & 25th – Huron Rotary Festival. Please step out and attend those events, and Go Tigers!
- **Mr. Dike** – Happy Belated Birthday to Mayor Tapp.
- **Mr. Hagy** – Congratulations to Luke Frankboner – Shelby's gain is definitely Huron's loss. It is a testament to Jason Gibboney, who works so hard to get his people to that level where they are attractive to other cities. At the Utilities Committee meeting a couple of weeks, they looked at the Water Rate Study (Poggemeyer did a great job) – they gave them 10-12 options to look at. What they did as a committee is discuss those and got it down to about 3 or 4 that will be sent to Council as their recommendation. He thinks it's important to realize now that our water rates are going to be going up – it is only a couple of bucks per quarter in any of the scenarios, but it is a reality. He also provided a reminder that House Bill 563 is out of committee – that's the bill that eliminates the City's ability to decide what should happen in Huron, which is completely counter to Home Rule and the Ohio Constitution, yet it continues to move forward. He would encourage everybody to write to their representatives and express your feelings about this Bill. Whether you like the transient rental legislation that this body passed, or not, the concept that a group of people in Columbus knows what's better for Huron than this body, should really anger you – it does him. He encourages everybody to let our legislators know how you feel.

Executive Session

None.

[REMAINDER OF PAGE INTENTIONALLY LEFT BLANK]

Adjournment

Motion by Mr. Biddlecombe to adjourn the meeting.

The Mayor asked if there was any discussion on the motion. There being none, the Mayor directed the Clerk to call the roll on the motion. Members of Council voted as follows:

YEAS: Biddlecombe, Artino, Claus, Tapp, Dike, Hagy (6)
NAYS: None (0)

There being more than a majority voting in favor of the motion, the Mayor declared the meeting of June 14, 2022 adjourned at 7:09pm.

Terri S. Welkener, Clerk of Council

Adopted: 12 JUL 2022

Upon approval by the City Council, the official written summary of the meeting minutes will become a permanent record, and the official minutes may also consist of a permanent video and/or audio recording, excluding executive sessions, in accordance with Section 121.01(III) of the Administrative Code.
