Narrative: 20-190063 Page: 1

I was dispatched to a parking complaint on the 2000 block of Shore Drive. Upon my arrival the involved vehicle had already departed the scene. After speaking with the complainant I continued east on Shore Drive. The roadway appeared to be ice covered from the recent snow. As I drove on the road, cruiser #4 began to break through the ice and it was discovered that the ice was covering lake water that had been blown ashore during the winterstorm. I was able to get through the ice and turned southbound on Richland Avenue to return to the station. Once on station I parked the cruiser in the sallyport and found that the front bumper had been damaged. There were large pieces of 3 inch ice inside the lower grill area. The bumper on the driver side was also hanging down making the vehicle inoperable. I believe the damage was likely caused by driving through the ice on Shore Drive. I took digital pictures of the damage and notified Chief R. Lippert. The cruiser will be taken to Law Brothers at the earliest available date.
